

Orleans, Albion Correctional Facilities Hold Charity Softball Game

Proceeds Benefit Genesee Cancer Assistance

***For Immediate Release
August 5, 2019***

Albion, NY – On Friday August 2, 2019 Albion and Orleans Correctional Facilities held their first charity softball game at the QWL in Albion and raised over \$7,000 for the Genesee Cancer Assistance.

Over 200 people attended the game that also included Cornhole games and auctions to raise funds for GCA.

Genesee Cancer Assistance, co-founded in 1993 by Mrs. Dorothy Schlaggel & Mr. Russ Romano, is a community-based, volunteer organization through which cancer patients and their families living in Genesee County have access to financial aid, including a variety of support services. Since its founding, Genesee Cancer Assistance has been fortunate to assist thousands of individuals; hundreds each year.

The softball game and additional events raised \$7, 156 in total.

“I would like to thank all the participants, volunteers, and sponsors that helped make this game a success. I am proud of our members from Albion and Orleans that stepped up, working together to help a great cause. Our members, despite their demanding jobs, believe it is important to give back to the community and support great causes like GCA. The members recognize the important role GCA plays in helping families deal with the hardships that can occur when a family member is stricken with cancer.” – stated Ken Gold, Correction Officer from Orleans Correctional Facility.
